

Anji Mestri - Building Contractor Portfolio

About Me

Born and brought up in Bhagyanagara, I have been part of the **construction industry for over 15 years**, earning a strong reputation for quality workmanship and professionalism. Over the years, I have successfully completed **250+ building projects** as a contractor, covering a wide range of residential and commercial developments. Now based in **Bangalore**, I primarily offer my services across **North Bangalore**, continuing my commitment to delivering **high-quality, on-time, and reliable construction solutions**. My focus has always been on ensuring client satisfaction through attention to detail, transparent communication, and exceptional project execution.

Professional Experience

With over a decade and a half of hands-on experience, I have led and managed multiple construction projects — from planning and design coordination to final delivery. My portfolio includes residential villas, apartment complexes, commercial buildings, and renovation projects. I collaborate with architects, engineers, and skilled labor teams to ensure that every structure meets quality and safety standards.

Key Achievements	
Years of Experience	15+ Years
Completed Projects	250+ Residential and Commercial Buildings
Primary Service Area	North Bangalore
Client Focus	On-time Delivery and Quality Workmanship

Core Values

My approach to every project is guided by a commitment to quality, integrity, and innovation. I believe that a successful construction project is not only about completing a building but also about creating lasting value for clients.
